PROJECTS

Post Graduate Main Project : “MEDICAL CONCIERGE FACILITATION ASSISTANT”

Description:

MCFA-Medical Concierge Facilitation Assistant is a Portal developed for Zero Dot Medical Advisory a medical Concierge company based in Singapore. MCFA is a user friendly portal which helps its users to submit applications and documents for verification with the company. MCFA has been developed to overcome many obstacles faced during this verification process.

Under Graduate Main Project : “ONLINE EXAM”

Description:

The main objective of this system is to take an examination at the candidate’s residence and there is no time waste for checking the papers. It also provides a fully automated system of evaluating the answers of the candidates by which the manual work would be decreased in a large amount and also accurate correction by answers will be obtained. Time waste in re correction and re evaluation of answers sheets will be totally omitted from practices. So that lot of time and work of several people are seem to be saved.

ACTIVITIES

- Certified course completed in CCNA.
- Participated in Big Data competition at Sri Manakula Vinayagar Engineering College
- Participated in web designing in pope john Paul College
